

DIESEL POWERED CLOSE COUPLED PUMP

3" GMP cast iron heavy duty pump close coupled to Kubota or Kohler diesel engine

Pump: GMP heavy duty cast iron, self-priming 3" centrifugal pump with open type impeller

Mechanical seal fitted as standard.

Maximum Volume: 1400 l/min (23 l/sec)

Maximum Head: 46 meters (65 psi)

Engine: Options

Kubota single cylinder, oil/air cooled diesel engine. Electric start with factory fitted stop solenoid. Fuel tank 5.5lt Maximum Power: 9.5hp at 3600rpm

Kohler single cylinder air cooled diesel engine. Electric start with stop solenoid fitted, electric and recoil start. Fuel tank 5.0lt Maximum power 10.3hp at 3600rpm

Applications: water truck and water transfer applications
