

**Customer Support -
Every place you need it.**

Cummins has the most comprehensive service support network in the South Pacific with 39 company-owned branches, more than 150 dealers, and over 200 field service vehicles linked by GPS for fast response.

In addition, customers in Australia and New Zealand can call the Australian-based Cummins Support Centre any time of the day, any day of the year, for breakdown assistance or technical advice. All you need to do is ring a single number – 1300 CUMMINS (if you're in Australia) or 0800 CUMMINS (if you're in New Zealand) – and you can speak directly to a highly experienced Cummins service technician.

With Cummins you're not just buying an engine, you're buying a partnership with all the support, services and parts you need.

The Cummins Support Centre boasts a team of highly experienced service technicians who are based at a dedicated facility in Melbourne.

Every Solution.

QSB4.5 - Tier 3.
COMPAK.

QSB4.5 - Tier 3. COMPAK.

Features and Benefits.

■ USEPA Tier 3 Emissions Certification

Cummins' QSB4.5 engine meets the latest USEPA Tier 3 emissions certification requirements.

■ Full Authority Electronic Controls

Electronic engine control provides improved fuel economy, precision diagnostics and engine protection.

■ High-Pressure Common-Rail Fuel System

Allows multiple injection events for cleaner, quieter operation with consistent performance at every rpm.

■ Air Cleaner

Heavy duty industrial air cleaners, with safety elements and restriction indicators included.

■ Pedestal Leg Mounting

■ Cooling System

Heavy duty, 50°C ambient capable radiator assembly and guarding incorporating jacket water and charge air cooling. Sucker fan arrangement.

■ Exhaust

Integral industrial class exhaust silencer with rain cap. Residential grade silencer available as an option.

■ Instrument Panel

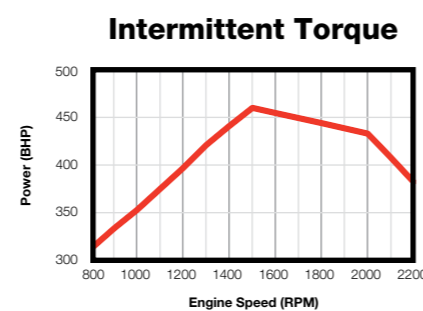

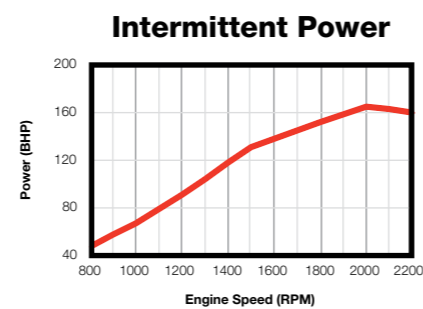

Digital display for engine monitoring, with shut down protection, J1939 communication and programmable throttle control. Isolated inner panel with an outer protective box.

Performance

RPM	INTERMITTENT		CONTINUOUS		TORQUE		FUEL CONSUMPTION	
	BHP	kW	BHP	kW	LB FT	Nm	LB/BHP-HR	G/kW-HR
800	48	36	49	37	314	426	0.396	241

Warranty Coverage.

Cummins base engine coverage is 2 years or 2,000 hours of operation, or 1 year/unlimited hours of operation, whichever comes first.

It covers:

■ Full parts and labour on warrantable failures.

■ Consumables not reusable due to warrantable failures.

Extended Major Components coverage is 3 years or 10,000 hours of operation, whichever occurs first from the delivery date, and becomes active at the expiry of the base engine warranty. It covers:

■ Warrantable failures of covered components. Bushing and bearing failures not included.

Package Units – CPAK – FPAK - COMPAK

When a product is defined as a Package Unit, all components of the product which were purchased from Cummins South Pacific as a packaged product have the same Base Engine Warranty coverage as the engine.

Package units built by Cummins South Pacific when the following components, as a minimum, are purchased from Cummins:

- Engine
- Pedestal Feet
- Radiator
- Fan

Conditions apply. Full warranty details can be found in the Industrial Cummins Warranty brochure (Bulletin 3381322).

Warrantable failures includes defect in material or factory workmanship. Covered components includes engine cylinder block, camshaft, crankshaft and connecting rods.
