

Kubota

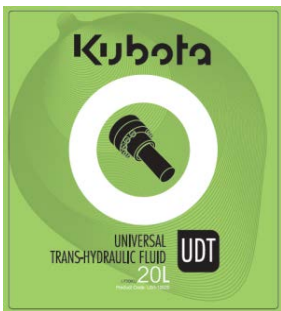

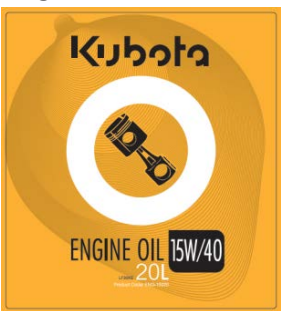

Oil Program

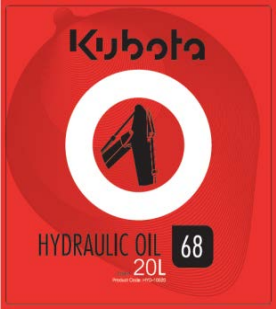

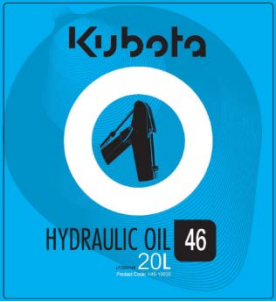

Kubota Oil

PRODUCT RANGE

Kubota has formulated a range of oils and lubricants specifically for Kubota products and equipment. The oils are stringently tested to meet Kubota's high quality standard. For reliability and superior performance of your Kubota, we highly recommend Kubota Oil.

Product	Benefits	Sizes
UDT Trans-Hydraulic Fluid 	<ul style="list-style-type: none"> Superior wet brake noise suppression compared to other multi-functional tractor transmission fluids Offers extended component life and performance Resists foaming to better lubricate components in transmissions, final drives and hydraulics 	205 Litre 20 Litre 5 Litre
Engine Oil 15W/40 Diesel 	<ul style="list-style-type: none"> Formulated to provide optimum performance in low emission diesel engines under a wide variety of service conditions Blend of premium base stocks and high quality additive chemistry Provides high temperature piston deposit control and low temperature sludge protection Protects against valve train deterioration 	205 Litre 20 Litre 5 Litre
Engine Oil 15W/40 CJ-4 	<ul style="list-style-type: none"> Formulated to provide optimum performance in modern, low emission diesel engines under a wide variety of service conditions Blend of premium base stocks and high quality additive chemistry Provides high temperature piston deposit control and low temperature sludge protection Protects against valve train deterioration 	205 Litre 20 Litre
Gear Oil 80W/90 	<ul style="list-style-type: none"> Contains excellent extreme pressure performance additives Superior gear lubrication Provides exceptional thermal oxidation stability and corrosion protection 	20 Litre 1 Litre

Product	Benefits	Sizes
Hydraulic Oil 	<ul style="list-style-type: none"> ▪ Formulated for hydraulic systems employing high performance pumps ▪ Non-detergent oil with excellent oil oxidation and demulsibility characteristics ▪ Contains rust and foam inhibitors ▪ Incorporates highly effective zinc anti-wear chemistry 	205 Litre 20 Litre
Hydraulic 46 Grade Oil 	<ul style="list-style-type: none"> ▪ Formulated for hydraulic systems employing high performance pumps ▪ Non-detergent oil with excellent oil oxidation and demulsibility characteristics ▪ Contains rust and foam inhibitors ▪ Incorporates highly effective zinc anti-wear chemistry 	205 Litre 20 Litre
Xtreme Diesel Engine Oil 40 Grade 	<ul style="list-style-type: none"> ▪ Assists in controlling piston deposits formed in high temperature operations of high speed diesel engines ▪ Protects critical engine components from the corrosive effects of combustion gases ▪ Maintains lubricity under arduous conditions ▪ Monograde oil for use in horizontal engines 	5 Litre
Coolant HD Extended Life 	<ul style="list-style-type: none"> ▪ Protects the unique alloys, seal gaskets, hoses and plastics utilised in Kubota water cooled engines ▪ Excellent performance of anti-freeze properties ▪ Incorporates organic acid technology and heavy duty corrosion inhibitors to protect diesel engines from liner pitting and hard water scale deposits ▪ Hybrid Organic Acid Technology (HOAT) 	20 Litre 5 Litre 1 Litre
